## Technical features

*Cristalys*

### Futuristic design

- Interior wall clock with extra flat casing.
- LCD reflective display with very large viewing angle and perfect contrast.
- Silent operation.

### Common features

- ABS casing for indoor installation - IP40.
- Wall support supplied with anti-theft lock.
- Display mode: 12 h or 24 h.
- Temperature display: 0 to 50°C.
- 2 programming keys.
- Power by batteries (autonomy over 3 years) or low voltage power supply unit (15V)
- Permanent data saving.
- Time basis accuracy: 0,2 sec/day. Absolute time accuracy with optional radio synchronisation (France Inter or DCF).
- Automatic summer/winter time changeovers and perpetual calendar with multi-time zones.
- Optional low voltage wall support
  - Wall bracket integrating a low voltage 6/24V input to power clocks permanently without batteries.
  - The 230V power supply can be associated to the wall bracket 6-24V in order to power up to 30 slave clocks.

### Particular features

*Cristalys Date/Ellipse*

- Multi languages support (up to 18).

*Cristalys 7/14*

- Display of indoor temperature in °C or °F. Date or year fixed display or week number.

### 4 casing colours
